| <b>Plot</b>                       | Older people are presented, each of them appearing in a different window frame and displaying a different ability and interest. There is a window cleaner, a painter, a retired French teacher of reading <i>Le Monde</i> , there is a lady consulting her English dictionary, and yet another lady taking care of her pot plants and there is an accordion player playing <i>Compartita</i> . Joy is catching, be it the joy of life, learning, music, gardening, travelling... |
